## **Tali Rose Krupkin**

**Olympia Blooms , 2023**

*Reemerging from her already written story in 1863, Olympia blooms and blossoms.*

*She's rich with life and full of promise. With her confrontational gaze directed at you-viewer, she allures you. Confidently reclining, she wears nothing but a black ribbon around her neck, a gold bracelet around her arm, and a silk flower in her hair. Olympia is not the classical goddess depicted in your stories. She's her own woman, and she's ready to cause an uproar at the Salon de Refuses once again.*
